“Where indulgence makes scents...”©

July 20, 2006

Since it is holiday time, we wanted to say a quick hello, let you know about some new stuff at the store and invite you to come in, sample some cool teas and enter our drawing for a gift certificate to Undines Retreat. Don't miss page 2!!!

What's new at *Aromatica*?

Hmmm... where do we start?

Here's a big thank you to the lady who asked us why we weren't selling Himalayan Salt Lamps. That question started us on a path which led us to open a whole new section of the store.

During a recent trip to Arizona I saw a store that specialized in Himalayan Salts. They sold bath salts, bars, lamps, tea light holders and had walls full of testimonials about the benefits people had found using the salts. Natural Himalayan Salt is often recommended for stress, fatigue, aches, pains and skin conditions.

I got back to Chilliwack, the lady asked the question, and thus began the journey. We found a great source, went to their warehouse and hand selected tea light holders and lamps for their mineral content and ionization potential.

We brought back salt bars, balls, bath salts and other wonderful things and can confidently say that our pricing is better than anywhere we have seen. View our selection on-line under Home Furnishings at www.myaromatica.com. Even better, come see the in-store displays.

Perhaps the most exciting development is the unique blending we are now doing with Green Tea Oil and Himalayan Salt in our salt scrubs. The Green Tea Oil is especially nourishing since it contains all the antioxidant properties of Green Tea in a concentrated form. Blend that goodness with the benefits of the Himalayan Crystal Salt and let the detox begin! Note: You will only find Green Tea Oil and Himalayan Crystal Salt at Aromatica.

Tea, Tea and more Tea...

... yes we have added more tea!

New Rooibos flavours:

Earl Grey Rooibos,
Luscious Lemon Rooibos (great hot or cold),
Pear Rooibos (Kim's favourite!)

Classic Yorkshire:

We are also now carrying **Yorkshire** – a legendary blend of fine black teas.

Coming Soon:

Herbal Republic Teas! Watch for a new line up here at Aromatica this fall – a Fraser Valley exclusive!

Heard The Buzz?

And what goes with tea? How about honey? We have partnered with Rosedale's own **Honeyview Farm**, the largest apiary in B.C, to carry five honey blends specially selected to compliment our teas!
