Aromatica Contribution

August 29th marked the anniversary of Hurricane Katrina, the most devastating storm to ever hit the American Coast. We were there during the storm and evacuated to Houston when the levies broke. New Orleans is Kim's home town. We were back in November and saw the further destruction that resulted from this horrific event.

We are donating 5% of the gross sales for the months of August, September, October and November to the Katrina Relief Fund to assist with the rebuilding and as a way of saying thank you for our blessings. Thank you for your support.
